

ABA Plastic offer you purchase injection molding machines made by Engel.

Below you can find a detailed description of our offer.

The specified prices are a net prices and are not a final prices
(there is a possibility to negotiate).

There is a possibility to purchase a peripherals by themselves, for example:
granulate dryer, mill, thermostat, feeder belt, etc.

The description is meant to provide information only and as such is not an offer in terms of the Polish Civil Code.

1. Injection molding machine **Engel VC 1800/260** S.N. 159717, year of building: 2006
with additional equipment: **RESERVATION** -
robot Engel ERC 33F S.N 159733

Clamping Force: 2600 kN,
Opening stroke: 908 mm, Way
throw stroke: 200 mm, Power
Stroke: 90 kN, Max. swept
volume 763 cm³.

2. Injection molding machine **Engel VC 1800/260** S.N. 159718, year of building 2006
with additional equipment: -robot Engel ERC 33F S.N 159734.

Clamping Force: 2600 kN,
Opening stroke 908 mm, Way
throw stroke: 200 mm, Power
Stroke 90 kN, Max. swept
volume 763 cm³.
