<http://www.youtube.com/watch?v=VW-CoT-LrXc>

1. 650 -140 tons, screw diameter: 52 mm

Fabrication year: 1994

Consumption: 48 kW

Power: 380 V / 50 Hz

The machine is in production

2. 650 -140 tons, screw diameter: 52 mm

Fabrication year: 1994

Consumption: 48 kW

Power: 380 V / 50 Hz

The machine is in production

3. 1000 – 230 tons, screw diameter: 60 mm

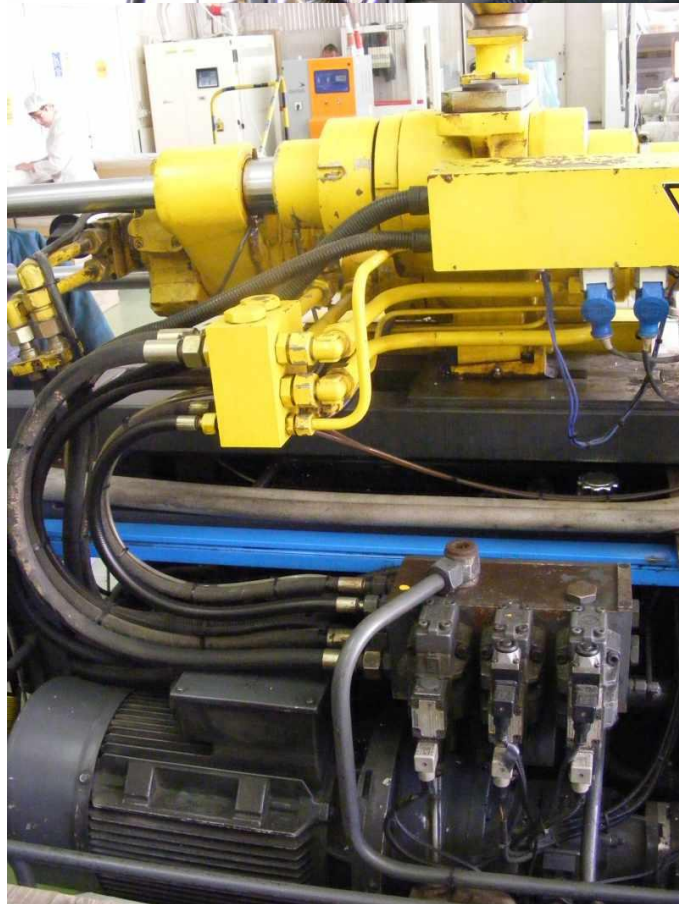

Fabrication year: 1987

Consumption: 49 kW

Power: 380 V / 50 Hz

The machine is out of production, but it is working.

OIMA 1000-230
